Veterinary Services Notice 97-02

Subject: Canceled Veterinary Services Notices;
Files to Delete from the IDEA System

To: VS Employees

Veterinary Services (VS) Notices have been added to the VS\NOTICE directory since the IDEA system was implemented in November 1993; however, there have been few files, if any, deleted or removed. VS Memorandum 510.12, "*Preparation of Veterinary Services (VS) Memorandums and Notices*," dated June 6, 1996, states VS Notices are written and issued with the intent of being temporary in nature and, thus, expire after one year. In an attempt to remove the outdated, obsolete, or expired files from the VS\NOTICE directory, thereby making it easier to locate the most current information, Resource Management Support solicited input from employees at headquarters and created the attached list of VS Notices (99 files). Please delete these files from your system.

If you have any questions, please call Janet Thompson of my staff at (301) 734-7791.

/s/
Louise R. Lothery
